2008 NOVEMBER NEWSLETTER

Welcome to *Associates in Dermatology & Aesthetic Surgery*

Dear Friends,

With the holidays quickly approaching, our gift to you is to provide only the latest and greatest in dermatologic care. I am thrilled to announce several exciting services now available including our state of the art [Fractional CO2 Laser](#), the [Skin Solutions, MD store](#) and a new and improved [website](#) specifically designed with our patients in mind.

We are proudly one of only two practices in the Jacksonville area offering the superior Fractional CO2 Laser. A step up from the regular Fraxel, it provides optimum results in half the time. We have had wonderful success treating the neck, hands and back for conditions such as skin laxity, acne scars and wrinkles resulting in an 85% improvement in skin conditions. Visit our [before and after gallery](#) to witness the benefits of this fabulous new laser and

schedule an appointment today.

Another exciting service available to everyone is the Skin Solutions, MD store where we are offering a wide variety of skin care products hand picked by myself and Physician Assistant Rachel Garcia to meet each individuals skin care needs. Also, shop this month and you'll receive special discounts with the purchase of a gift card just in time for the holiday season. Skin Solutions, MD is located in the lobby of our Ponte Vedra Beach office as well as online, which brings me to our next bit of good news.

I am delighted to introduce our new and improved website offering several up-to-the-minute features and an abundance of images and information to answer most all of your skin care questions. New features include an extensive before and after gallery, an online store and a patient login center that will allow you to fill out your medical history online, check lab results and request medication refills all from the privacy of your home.

Contact ADAS

Live Customer Care Center:

1-866-944 ADAS(2327) or
1-904-285-SKIN (7546)

Hours:
Monday-Friday, 8am-5pm(EST)

If you have any questions, or wish to schedule a consultation, call (904) 285-SKIN (7546) or email info@ADASderm.com.

In addition to these new services, we once again offer monthly specials mentioned in the left-hand column, so make sure to take advantage of these limited time offers.

We look forward to seeing you in our offices soon and thank you for visiting with us.

Most importantly, don't forget to pack your sunscreen. We always want you to stay "sun smart"!

Sincerely,

David T. Harvey, MD, FAAD, FACP
President and CEO, ADAS
